A Discussion About Cancer

I was an athlete and thought I was invincible. Unfortunately, I smoked cigarettes for over 35 years and now I have lung cancer. It has been the most difficult and the most painful time of my life.

Please, DO NOT make the same mistake I did.

Please, DO NOT smoke!

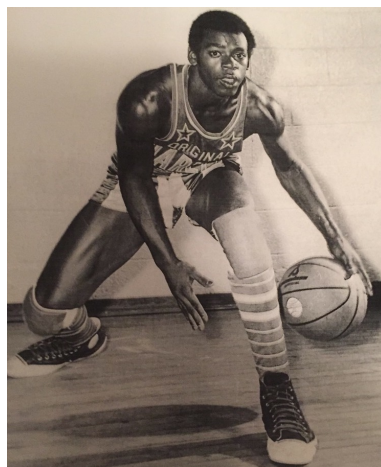

I'm not kidding around, smoking is no joke!

If you have cancer:

1. Eat the right foods
2. Exercise everyday
3. Don't skip your doctor appointments
4. Take your medications as prescribed by your doctor
5. Always feel positive that things are going to work out for you
6. Always count your blessings when you see the next day

Please check out my website
imnotkiddingaround.com
for more on my battle against cancer.

Forget You Not,
